Fire Marshall Investigating Mobile Home Fire

A State Police Fire Marshall has been called to help determine the cause of a fire that gutted a mobile home on Pinecrest Ave. on Saturday, February 21st.

The Sheriff's Department and city firemen were summoned to the blaze at the mobile home owned by Susan Stockwell at 10:42 a.m.

The blaze caused considerable damage to the interior of the mobile home, unoccupied at the time of the fire, although the fire was out when firemen arrived.

Deputies say it is most unusual for a fire to contain itself in such a manner and the investigation is continuing.

Firemen were also called to the scene of a house fire on M-72 east just past Wakeley Bridge Rd. Sunday afternoon shortly after noon.

The interior of the house, owned by Milo Hankins of Lansing, was heavily damaged. Hankins had left the home earlier in the day and it was unoccupied when the blaze broke out.

Three suspects were arrested Friday night by sheriff's deputies in connection with a breaking and entering at the Joseph Miller cabin on county road 612 near Frederic.

Deputies recovered approximately \$800 in stolen goods taken in the break-in which occurred December 9th.

Two adult suspects were expected to be arraigned on breaking and entering charges this week. A third juvenile subject will be cited to Probate Court according to sheriff's deputies.

Deputies responded to 49 complaints last week, involving four breaking & entering complaints and four larcenies. Four arrests were made for DWI and one for open intoxicants.

Other reports included trespassing, obscenity, assault & battery, suspicious behavior, disturbances, prowlers and violation of the public health code.

Jump Rope For Heart March 4

A five center per minute pledge, for example, would result in a \$3.00 donation if the team jumps for one hour.

To help ensure safety, students participants will alternate with other members of their team. Each may jump again after all the team members have had a chance to jump.

The event will take place at the Middle School gym from 3:00 p.m. to 6:00 p.m. on Wednesday, March 4.

Board Pares Middle School Cost Estimate

by Joe Schrader

The Crawford-AuSable Board of Education decided Monday night to proceed with plans for construction of a new Middle School, although members agreed to lop more than \$1 million dollars off an estimate by architects presented just a week ago that topped the \$5 million mark.

The conclusion was reached despite angry protests from spectators who said the general public is ill-prepared to pay for such a major expenditure at the

present time.

Some 75 residents were on hand as a spokesman for the group, Tony Latuszek, showed the board a petition with 900 signatures asking the Board to consider offering an alternative to construction of a new facility. The petition requested the Board to offer the public a choice between new construction and renovation of the existing middle school building.

"Let's vote on something reasonable, feasible," Latuszek said.

School Supt. William Diedrich reviewed a number of factors that motivated the Board in its decision. They included unseable classrooms, excessive noise, inadequate property size, barrier-free limitations and energy inefficiency at the existing middle school.

"We have enough room at the current Middle School," Diedrich concluded, "it's the quality of the space that's bad."

Mick Barney of Elzinga-Volkers, a construction

management firm and Brooks Godfrey of Kingscott Associates, presented the Board a new proposal that included cuts from its cost estimates of a week ago.

On February 17, the firms were directed to bring back a second estimate under the \$5 million the Board then considered excessive.

Barney reviewed a new budget program that reduced the outlay to a bottom line figure of \$4,130,000, and additionally, offered options that he said would reduce the costs even more.

After considerable discussion, the Board agreed on further cuts that reduced the cost estimate to about \$3.7 million.

Reductions include a plan to plow back \$200,000 in estimated bond interest to the building fund and to eliminate a multi-purpose classroom through floor plan modification. This lopped another \$100,000 from the building costs.

Social Services Cracking Down on Welfare Abuse

by Joe Schrader

The recent conviction of a Crawford County couple on charges of fraud has encouraged Department of Social Services officials here to advance their crackdown on misuse of welfare funds.

"We have a good rapport with the present and past prosecutor," explained DSS Director Pat Thomas, who said that other cases of possible welfare meddling surfaced when word of the conviction began to circulate in the community.

"We are handling these cases based on the advice and legal counsel of the prosecutor—a number are currently under investigation," she said.

According to Ms. Thomas, the department has spent more time and effort on welfare abuse investigation since Donna O'Grady, Asst. Payments Supervisor, joined the staff a year ago. Ms. O'Grady has similar previous experience working with the Dept. of Social Services in Alpena.

In the recent case which resulted in a guilty plea, the couple was being paid welfare benefits in the form of aid to dependent children while the husband was employed on a full-time basis. Ms. O'Grady said the time frame when this occurred was approximately from April to July of last year.

When the abuse was uncovered, warrants were issued and the pair was charged with two counts of welfare fraud. One accused the couple of "failing to report", the second charged them with "providing false information."

Records show about \$2,900 in benefits was paid the family during the period he was employed. According to Ms. O'Grady, during the course of the investigation a social worker paid a home visit and

was told by the wife that her husband was out looking for a job when in fact he was at work at the time.

Eventually the defendants pled guilty to a reduced welfare fraud charge and now face sentencing by Judge William Porter in 34th Circuit Court. Sentencing is expected in early March.

Maximum sentence on the charge is \$1,000 fine and/or two years in jail.

Currently, several welfare recipients are under investigation since the case was prosecuted. Ms. O'Grady said four people receiving benefits came forth voluntarily because they apparently feared detection. Six cases of fraud were processed last year involving improper use of ADC, food stamps, Medicaid or general assistance, a state supported program.

"Recipients who agree to repay funds fraudulently received are referred to the county probation officer," Ms. O'Grady explained. Those who agree to repay benefits and who later default, are subject to prosecution, she noted. Four cases are being pursued in one form or another at the present time.

Brass Quintet at Kirtland Sunday, Mar. 8

On Sunday, March 8th at 2:00 p.m., the Metropolitan Brass Quintet will perform in concert at Kirtland Community College as part of their Entertainment 80-81 series.

These five Cleveland area musicians will provide music lovers with a change of pace from the recent jazz concert at Kirtland. The Quintet will present a program which features music of all periods and styles. When appropriate, they will also give historical or background information about the pieces they play. All five members of the Metropolitan Brass Quintet are faculty members of universities and music schools, as well as members of various orchestras in the Cleveland area.

The Metropolitan Brass Quintet has been a consistent favorite with "young audiences" since 1975, not only for their concerts but also for their workshop programs. Kirtland regrets that the workshop originally scheduled for local students has been cancelled.

Tickets for the concert are \$3.50 and \$2.00 for KCC students and senior citizens, and are available at the Kirtland library, bookstore, and at the door.

Chet Atkins fans may purchase tickets for his May 1st concert at the Metropolitan Brass Concert.

They presented a lay out of the proposed plant which was considered by them to be one of the newest and best facilities to be constructed.

The Frederic Township Supervisor, Harold Mertes, spoke up for the citizens. He commented about the many problems with the oil industry and stated that the problems should be everyone's concern as the air currents carry many harmful emissions miles from the source. He asked for further studies and tests to be made by the DNR Air Quality Control officer, Rich Alexander.

Campeau and Hanger said the Board of Commissioners should be applauded for their action in unanimously denying the special land use permit to the oil company. We are sure the board did a lot of thinking on the issue before them.

Vikings Crush Hurons; Stage Set For Friday's Title Showdown

by Joe Schrader

The Vikings crunched Rogers City last Friday as expected, setting the stage for this week's showdown against league-leading Petoskey, a last-gasp opportunity for Coach Butch Hayes's quintet to grab a share of the Michigan Huron Shores Conference title.

The Northmen (11-2) eked out a win over upset-minded Gaylord Friday to maintain a 1-game edge over the Vikes and Cheboygan (both 10-3), who can also grab a share of the crown if

they can come out on top when they go against St. Ignace this week.

The Vikings topped the hapless Hurons, 78-45 after posting a high-scoring 86-69 non-league home win over Kalkaska Tuesday, boosting the club's overall record to 14-4 going into Friday's contest.

The JV squad ran over Rogers City in Friday's preliminary, 68-21, evening its record at 9-9 following a loss to Kalkaska on Tuesday. The Blue Blazers spanked the Vikes, 52-43.

The encounter against Petoskey this week gives Grayling its first crack at a league title since joining the Michigan Huron Shores Conference in 1972.

JV action gets underway at 6:30 p.m. and a ceremony recognizing the moms of all the players and cheerleaders will be a special between-games feature.

"It was one of the few times this year we took control of the game both offensively and defensively," remarked Hayes after the win at Rogers City. The Vikes never trailed against the Hurons, leading at the quarter marks 19-11, 34-20 and 59-34.

With 6'3" junior center Tracy Fagan crashing the boards and four players hitting double figures, Grayling had an easy time sending the Hurons crashing to their 12th league loss without a win.

"It was a good team effort," Hayes continued, "and everybody got into the game and played well."

Grayling connected on 10 of 10 free throws and Brad Trenary tossed in 12 of his game high 20 points the first half to lead the Vikings to a 14-point halftime advantage.

Although the Hurons tried to slow the game down in the early going to dent Grayling's "run-gun" offense, the Vikes lofted 78 shots during the contest, hitting on 32.

Billy Roach netted 16 points, Fagan hit for 12 and Scott Hamlin hit double digits with 10 to back Trenary's game-high effort. Other Vikes scoring were Juntilla, 6; Jeff Kortis, 5; Monty D'Amour, 4; Ted Methner, 3; Eric Batway 2.

Steve Urgan paced Rogers City with 15 points, backed by Steve Wagner with 10 and Jim Fuhrman with nine.

All the Vikes got a piece of the action against the Blue Blazers, although the Vikes weren't able to put the game safely out of reach until late.

The Blazers had Grayling deadlocked at 34 all at halftime and only a late-game blitz by the Vikes turned back the stubborn Kasky squad.

Brad Trenary netted a basket at the buzzer to give the Vikings an 18-15 first quarter edge and Grayling pulled ahead by 10, 59-

49 at the three quarter mark. But a big, 27 point rampage the final eight minutes was more than enough as Grayling raced to its fourth win in five tries against non-league foes.

Hayes said Trenary, Batway, Roach and Fagan contributed the offensive punch with Fagan leading on the boards as well with 15 rebounds. The 86 points on the scoreboard for the Vikes matched their season high of 86 against Charlevoix, although that in a losing effort.

Trenary was high again for Grayling with 22 points and Fagan netted eighteen. Roach and Batway hit double figures with eleven apiece. Other scoring: Methner and D'Amour, eight apiece; Juntilla, 4; Radebaugh and Hamlin, 2 each.

Doug Spencer tallied 25 to lead Kalkaska and Terry Reasoner hit double figures with 16.

TAGGING THE VIKES: Grayling hopes to make it two in a row over the Northmen this season in the big game Friday. The Vikes outpowered Petoskey, 74-62 on January 9th.

Grayling hit 41% from the floor against Rogers City, 32 of 78 and netted 14 of 21 free throws for 67%.

Against Kasky, Grayling shot 44% from the floor on a 37 for 84 combination and was 12 of 16 from the charity stripe for 75%.

In JV scoring against Kalkaska, Wayne Ross paced the Vikes with 15 points, Rob Holzman added eleven and Jim Schrader, 12. In the Rogers City win, Ross and Holzman were high with 20 points apiece.

benefits if the amount swindled is less than \$500. Cases involving larger amounts are referred to the prosecutor.

Larger counties in the state can refer cases under surveillance to the Office of Inspector General, Ms. Thomas said. "They take it from there," she reported. However in Crawford County all the investigative work is done by local officials. "We must develop our own liaison with the prosecutor's office," she said.

In an effort to improve effectiveness, DSS employees are being trained to know what to look for and how to handle suspected cases of welfare fraud. In many cases, friends or neighbors provide the DSS with information about welfare abuse. In some cases, recipients come forth voluntarily. In other instances, abusers are discovered accidentally, but no matter how a case might surface, DSS officials check every complaint received.

Ms. Thomas said claimants must provide income data when they first apply for assistance. This includes information on unemployment benefits received, retirement, social security and even veteran's administration payments. Once welfare benefits begin, periodic checks are made to determine if the recipient qualifies for continuing assistance.

According to DSS records, 2,300 residents in Crawford County currently receive some form of social assistance. Aid to dependent children and general assistance payments alone amount of \$134,000 in cash grants each month.

This involves 700 families who collect an additional \$60,000 per month in food stamps. In 1979, 1,200 people were on the program, considerably fewer than the 2,300 now receiving welfare assistance.

Middle School (Continued From Page 1)

was achieved when the board agreed to have 7th and 8th grade students share the high school wood shop in lieu of including a new one in the Middle School addition.

That additional reduction reduced the estimated cost for the Middle School annex to about \$3.7 million, a figure the Board concluded was acceptable.

Superintendent Diedrich was to meet with State Board of Education in Lansing on Tuesday to review the Board's preliminary plans with state officials.

The Board of Education will meet in special session March 2, next Monday, to officially decide on a bond proposal to take to the electorate. The Board of Education is eying late April for an election on the Middle School bond proposition.

From Our Corner ...

The ink hadn't even dried on last week's issue when we had pie on our face...we received four calls telling us that the writer of the letter that had us in the dark in last week's corner had to be Bob and Florence Nelson because they knew they were at Gulf Shores...just proves one thing, we don't know everything that goes on in our little hamlet...the reason we didn't connect Bob and Florence to the letter is that we always thought "Noisy" spent his winter months at his second home on Higgins Lake, while his bride toiled in the Beaver Creek's Clerks office...one thing is for sure, we're glad we found out who our correspondent was before we had a phone call from the "Noisy" one...it will be quite a while before we live this one down...we are sure we will hear from them, and that will help fill another Turkey...

We attended the Rotary Club Fish Fry last Friday and were among the nearly 800 dinners served...we enjoyed ourselves immensely...had enough fish...had enough orange pop, and enjoyed visiting with many people...however, our evening was ruined when we got ready to leave we found out someone had pilfered our black fur hat from the hat rack...if the culprit would return same to the Legion, no questions asked, we can identify same...we really don't expect to need it the rest of the winter, but gosh, we hope to be around for next winter's usage...

This corner is again baffling to put together...all we can think of is our R & R...

An idle thought...we mentioned last week that the city crew wouldn't have to bother in taking the mound of snow away from in front of the Avalanche, if they just waited for the sun...they didn't wait, Friday while the sun was out at its best, the city removed the last of a 10 foot mound that was the results of the big storm we had a couple weeks ago...we were tempted to get a picture of the removal...

We understand that one of our young, upstanding businessmen had a little problem with the gendarms on his way to the Rogers City basketball game last Friday...we also understand that his young innocent look saved him from a ticket...all he got was a warning...but then he told us that he had a little prodding from his passengers to hurry up a little bit and they could watch some of the Junior Varsity game...rationalizing his plight, we would suggest that when a group are going to a function that has a starting time, they do not stop to have a fish dinner before taking off...

This has to be one of our most trying corners...would you believe we started this turkey Saturday afternoon, and worked on it a little Sunday, and now its Monday afternoon and we still can't come up with anything that is earth shattering...must be all we can think about is picking up Toni, T.J., and Stef Tuesday afternoon and taking off with the bride for Nevada to visit Dane, Cyd and Amber for a couple weeks...we have been struggling with cabin fever this past month, so we hope a little change in the scenery will get the cobwebs out of our head...

This just about does it for this week's turkey...will be back in a couple of week's with your favorite column...we just hurt our arm patting ourself on the back...have a nice couple weeks...

The Bible Speaks

From Calvary Baptist Church

Philosophy Behind Secular Humanism

Protagoras, a Greek philosopher of the 5th century B.C., promoted two basic philosophies which became the systematic basis for humanism. First, he said, "Man is the measure of all things." Second, he said, "Contradictory assertions are equally true."

"Man is the measure of all things" became the philosophy which has attempted to actively place man on God's throne. This stands in stark contrast and contradiction to Revelation 4:11, "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created." God, not man, is the measure of all things, because He is the maker of all things, the sustainer of all things, and the end of all things. For the creature to challenge the creator is the height of blasphemy and folly.

"Contradictory assertions are equally true." This philosophy has attempted to destroy absolutes in the area of truth, ethics and morality. This reminds me of the philosopher who said, "Nothing is either right or wrong, but thinking makes it so." This is the consistent step to follow the above philosophy. When you make man into God then you must free him of personal responsibility. Deity cannot be held accountable for wrong. This becomes the background for the present "Do your own thing" craze which is sweeping our generation. Today when man does wrong it is societies fault, and not the poor individual who is merely a victim of his environment. It is ironic, individually we are not accountable for the deeds we do, but collectively we are accountable for the deeds we didn't do.

The psalmist beautifully states the absolute contradiction of the situational ethics of the humanist. "It is time for thee, Lord, to work: for they have made void thy law. Therefore I love thy commandments above gold; yea, above fine gold. Therefore I esteem all thy precepts concerning all things

to be right; and I hate every false way." Psalm 119:126-128. My friend, any assertion which contradicts the Word of God is false, not true.

Secular Humanists have one absolute authority which stands like a giant road block to their success the Bible. It bothers the humanist that he is challenged by absolute authority every time he tries to play god. In place of the Bible, humanists have the Humanist Manifesto 1 & 2. The five basic beliefs of humanists are: 1) Atheism—"As nontheists, we begin with humans not God." 2) Evolution—"Science affirms that the human species is an emergence from natural evolutionary forces." 3) Amoralism—"moral values derive their source from human experience. Ethics stems from human need and interest." 4) Autonomous, Self-Centered Man-Religious humanism considers the complete realization of human personality to be the end of man's life and seeks its development and fulfillment in the here and now." 5) Socialistic One-World View—"We deplore the division of humankind on nationalistic grounds...the best option is to...move toward the building of a world community in which all sectors of the human family can participate." This is spelled out in the manifesto as a redistribution of the world's wealth, technology, economic growth, medical care etc., under the international authority of a one world government. The Humanists, Socialists and Communists share the same basic values. (adv.)

Now available at C.F. Fick and Sons on Fig St. are the Grayling Sportsman's Club Sunflower Seeds.

A children's watch was found Wednesday afternoon in the parking lot behind Grayling State Bank Main Office. Owner of watch is to see Crystal to identify it.

Dr. and Mrs. Vern Blaha returned home after a two week trip, first to Port Charlotte, Fla., where they were called due to the illness of his mother. She passed away shortly after their arrival and they continued on to Whitten, Iowa, for the funeral. Enroute to Florida, they were in a multiple car accident in Angola, Ind. completely totaling their car but fortunate enough not to be injured.

Mrs. Dorothy McClanahan, Mr. and Mrs. Robert Wills, Mr. and Mrs. John Keeley, Mr. and Mrs. Herman Sordyl, Mr. and Mrs. Duane Witter and Mr. and Mrs. Dan Feckovic, all of the Flint area, were guests of the Les Hunters the past weekend. They enjoyed cross-country skiing as well as the Saturday night smorgasbord at the Shoppenagon Hotel. They found the food excellent and would recommend it to anyone.

Weather is not my favorite topic because so few people share my enthusiasm for a cold sparkling snowy day (except the ski operators) But the past two weeks' weather performance is a bit unusual—on Wed., Feb. 11, almost a blizzard, by Sat. afternoon a thaw to cause the skiers problems, now a whole week of beautiful sunshine has left us with very little snow. I'm afraid to think what March may bring! The old Michigan saying has worked well "if you don't like the weather, wait fifteen minutes, it will change!" The golf course is getting bare, who is going to be the first??? Southern vacationers, I have an opening golf date all ready, so watch the paper for future announcements!

Chris Clover's Corner

"Cooperative Extension Service programs are open to all without regard to race, color, national origin or sex."

by Sue Louchart

Hi! I'm Chris Clover here with news from the Crawford County 4-H Clubs.

Looks like I spoke to soon last week about the Winter Sports Carnival not having to worry about enough snow for the events this year! The last two weekends sure have been opposites. The windows decorated by the youth organizations of the community sure were great. The boys of Camp Shawono who did Weiber's windows in the Emporium received special recognition. The first place went to the Leader Dog for the Blind Club for their window out at Hanson Hills. Second place is at the Credit Union. The part done by Brownie Troop 2009. Down the street at the Avalanche is Third place done by the 4-H Farm Animals Club. Congratulations to all the winners and thanks for all the hard work put in by the adults who helped their youth with their painting.

This is the week of the Reye's Syndrome Bowl-A-Thon at the Legion Lanes. The bowlers will be collecting the money for their sponsor sheets. Hope they are getting lots of strikes to help others!

Two new clubs in the forming stages are a Clown Club and a Gymnastics Club. Anyone interested in helping with these clubs or being members of the clubs contact Ann at the Office.

This is an example of how 4-H grows. 4-H leaders are volunteers who work with a group of 4-H members. Some leaders possess a particular skill or expertise and others volunteer because they like to work with and help youth.

4-H Leaders are usually interested adults, but older 4-H members can volunteer to become "Teen Leaders". Under the guidance of an adult, these teen leaders help other members and the club grow and develop. At the same time, they acquire leadership abilities themselves.

To help volunteers become

good 4-H leaders, a variety of materials and training sessions are available. A leader's biggest resource is the local county Cooperative Extension Service. The 4-H Youth agent, 4-H program assistant and other Extension agents are ready and willing to assist. They put on special 4-H leader training sessions and give out various resource materials to help organize and develop 4-H Clubs.

Crawford County young people like 4-H because it allows them to learn new skills and have fun at the same time. They have an opportunity to get together with others at meetings, activities, tours, trips and fairs. They also get a chance to do interesting, constructive things, things like learning to cook, building rockets, raising and caring for animals, developing ideas and skills through arts and crafts, self improvement in grooming and self esteem in recreational activities. 4-Hers can even design their own projects to meet their particular needs and interests.

The Leader Dog for the Blind Club reports they are working with four puppies now. The Lions Club voted to take on the expenses of another puppy so that Carey Swift could join the club. Carey has a male Black Lab called Luke she received last week. Good luck Carey! It's nice to know that our youth like to help others in this way.

Recognition needs to be made known to our local veterinarian Drs. Casler and Mesack for their help to the Lions Club and the Leader Dog for the Blind members with the routine veterinary care needs for the four puppies. Just another example of how the community helps others.

If anyone would like to join one or more of the many clubs or start a new club just call the 4-H Office at 348-5123 and let Ann know. Look for me next week with more news about the clubs and what's new in 4-H. See you!

Hear the Band

In band this week, we are working on music for our upcoming Festival in Traverse City. This year Festival will be held on Saturday, Feb. 28th. The songs we are preparing for this event include: "Overture in B flat", "Band of Gold" and "Chelsea Suite".

During the past years, the Grayling Senior Band had received a rating of 3 in the Festival. We hope to change that this year and move up to a 2 rating. We feel that it might be possible to receive a 1, but find it a little difficult. Our outlook on the Festival is good and each member of the band is working hard to improve themselves for this event.

We have had continuous good rehearsals throughout the past week and even though school is cancelled for Friday, the 27th, we will be practicing at the High School from 9 to 12 Noon. We expect this extra practice time will help us greatly in correcting any mistakes we may still have.

Our appreciation is extended to those who attended our Concert on Tuesday the 24th. We also enjoyed going to the Middle School on Thursday, the 26th to hold a concert for the students there.

The winning girls teams was Petoskey followed by Charlevoix, Grayling, Boyne City and Gaylord.

In boys competition the Vikings were led by Terry Norman placing 10th in slalom and 7th in giant slalom, Jerry Norman placed 13th and 11th, John Huss was 18th and 16th, Bill Martella 13th and 21st, Grant Thomas placed 18th in giant slalom, David Burr was 20th in giant slalom and was disqualified in slalom along with Dave Martella for loss of ski.

Additional Property Tax Cut Proposals Suggested

Warren M. Hoyt, Executive Director, MPA

One thing the Legislature will have before it this year is an abundance of tax cut proposals as the governor, members of the Legislature and special interest groups put forth proposals to beat another tax cutting petition drive from getting on the ballot.

With taxpayer revolt continuing to surface, a property tax cutting proposal is a top priority of the Legislature this year.

Already Governor William G. Milliken has proposed a plan cutting property taxes about 35 percent with some of the lost revenues being made up by an increase in the state sales tax.

A property tax reform proposal that includes some features similar to the governor's has been released by the State Chamber of Commerce, representative of Lansing.

The United Auto Workers also has issued a set of guidelines for property tax relief and vowed that obtaining the relief was its highest legislative priority in Lansing.

Later Senators William Faust (D-Westland), Senate Majority Leader, and Jack Faxon (D-Detroit), chairman of the Senate Education Committee, proposed a constitutional amendment exempting the first \$660 in property taxes from payment.

The proposal also provided for an increase in the state tax by two cents with the revenues going to a special fund to reimburse local units of government for losses of revenue due to property tax exemption.

The exemption would be adjusted each year according to the consumer price index.

James Barrett, president of the state chamber, backed Milliken's proposal to cut government spending, as part of the chamber's package, by \$250 million but also urged that a fixed ratio of spending to personal earnings be written into the constitution.

Besides the 35 percent reduction, the governor's proposal would require rollbacks each year to keep gross tax earnings at a set level and exempt senior citizens from the first \$1,400 in tax bills.

Under the chamber's proposal, the rollbacks required by Milliken's suggestion could only be restored by a vote of the local people, instead of by the governing body.

The chamber would also limit millage elections to once a year, specify that state spending could not exceed 8.4 percent of personal income and equal tax relief to businesses.

Don Ephlin, UAW vice-president, said the governor's plan was inadequate because it "gives too much relief to those who need it least."

The UAW did not have an alternate proposal, but a position paper did say education is too dependent on property tax financing and current property tax credits are too little too late for many homeowners.

The union's recommendations for a tax reform plan include automatic annual millage rollbacks to offset increases in assessments, phasing in of equalization by class assessments which are scheduled to take place this year, tax decreases that favor "working people rather than the wealthy and the corporations," changes in the current circuit breaker program so that rebates are taken directly off the tax bills instead of mailed with income tax refunds.

Meanwhile, the governor will begin meeting with legislative leaders to hammer out an agreement on the best way to proceed with total property tax reform.

Whatever is decided by them, however, it will ultimately be put to the people for final approval—possibly as early as this summer in a special election.

La Leche League Meeting Notice

"Nutrition and Weaning" will be the topic for discussion at the March meeting of Roscommon La Leche League. The meeting will be held on Thursday, March 5 at 7:30 p.m. at 214 Cottage Drive, Houghton Lake. This is the last meeting of this series; a new series will begin in April.

The discussion will include suggestions about nutrition for nursing mothers and their families, as well as information about weaning the breastfed baby. Expectant mothers are encouraged to attend the series before the baby arrives; nursing babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

Parents Helping Their Children

One of the most important tasks for parents is to help their children realize that they are important and valuable to themselves and to others. This is very important for developing a child's potential. The following ideas are taken from "The Parent As A Teacher" series by Parents' Magazine.

This kind of learning begins in the very first weeks between newborn infants and their parents. Infants need human warmth and comforting sounds. As the child grows and explores the environment around them, they need to be kept from harming themselves but encouraged to be curious and explore the surroundings. How the conflicts of these situations are handled will influence how the self concept of the child develops.

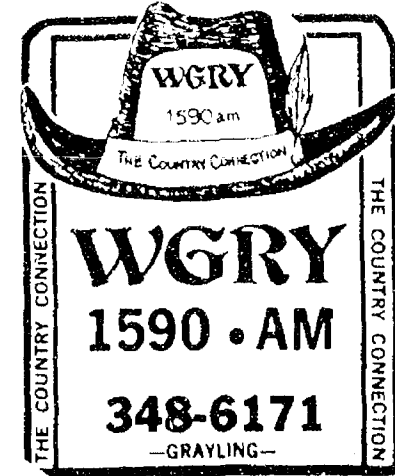

Helping children feel good about themselves helps establish a good, positive self concept. Look for good things a young child does and praise him. Maybe saying, "You are such a good helper" or "You are such a good listener" will please the child and help him toward a good self image. Encouraging independence by letting him do little things for himself. The child who thinks that he can do things well for himself is not afraid to face a new experience and will be better prepared for school. The magic of a child's development is that the child received the message that he is OK, he is loved, he is a good child and he is a capable child.

Here are some questions you may ask yourself. Do I: Give my child responsibilities suitable to his or her age and ability; establish rules for my child; praise my child often; reward my child for a job well done; encourage my child to try new things; help my child cope with frustration or failure; provide opportunities for my child to succeed; try to provide a happy home atmosphere; try to set aside time to spend with my child.

In the next article we will discuss helping children follow directions and some games you can play with them to improve their listening skills. If you have any questions, or suggestions for future articles, call the Title I office at 348-7641.

Viking Matmen KO'd In Regionals

Three GHS wrestlers competing in the State Regional action Saturday at Lakeview were eliminated from further state competition.

According to Coach Don Ferguson, 145 lb. John Solomonson came closest to qualifying when he finished in a 0-0 deadlock with Dale Gryzen of Kelloggsville in a match for second place. The referee made a judgmental decision that permitted Gryzen to advance to the finals, Ferguson said.

Solomonson had previously beaten opponents from Carson City and Hart and lost to Rick Robbe of Fultonville before facing Gryzen.

Tim Jensen (119 lbs.) took a third place finish, missing a bid to the finals by one position. Ferguson said only first and second place finishers Saturday advance to the state finals.

Jensen lost to Terry McKinn of Lakeview and Tom Roth of Whitehall and beat Jim Flowers of Hart in a 4-3 decision.

Tim Ferrigan, 132 lbs., was successful in one match, topping Rick Terry of Carson City. But Ferrigan lost to Ernesto Perez of Lakeview by a 10-6 margin and to Rick Nagy of Tri-County, 5-3.

Ferrigan finished the season with a 33-3 record, Jensen was 33-10 and Solomonson closed at 34-9.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

(Published by Direction of the
Michigan Public Service Commission)

Case No. U-6743

NOTICE OF HEARING ON THE IMPLEMENTATION OF A PROGRAM PURSUANT TO THE MICHIGAN RESIDENTIAL CONSERVATION SERVICE STATE PLAN AND ON THE RECOVERY OF COSTS THROUGH A UNIFORM SURCHARGE

On October 14, 1978, Congress enacted the National Energy Conservation Policy Act (Act), PL 95-619, 42 USCA §8211 et seq., which provides for the development, by individual states, of residential energy conservation plans to be implemented by certain public utilities operating within those states. Pursuant to the provisions of the Act and regulations promulgated thereunder, the Michigan Department of Commerce has prepared a Michigan Residential Conservation Service Plan (MRCS Plan) and the Michigan Public Service Commission (Commission) in its order of December 30, 1980 in Case No. U-6700 has directed utilities subject to the MRCS Plan to offer certain specified energy conservation services to their residential customers. The MRCS Plan provides that after public notice and opportunity for public comment, the Commission shall establish the amount to be charged directly to eligible customers receiving such services, and also provides that additional costs associated with the program shall be recovered by a charge included equally in the price of every metered unit of gas or electricity sold by utilities subject to the MRCS Plan without regard to the amount of gas or electricity consumed.

In accordance with the MRCS Plan provisions, Michigan Consolidated Gas Company (Consolidated) filed an application on January 20, 1981, requesting authority to implement an MRCS program and recover the costs through a uniform surcharge associated with implementing the MRCS program. Applicant estimates that its initial costs relating specifically to the MRCS program will be approximately \$5,753,600 for the first year of operation and that a surcharge amount of \$.00150 per Ccf (5,753,600 × .384,622,000 Mcf) should be applied to every metered Ccf of gas during the 12-month period May 1, 1981 through April 30, 1982.

Consolidated proposes to file a report of costs and revenues with the Commission pursuant to the MRCS Plan on or about June 1, 1982 in order that estimated expenses and revenues associated with the program from May 1, 1981 through April 30, 1982 can be reconciled with those incurred. Concurrently, Consolidated proposes to submit an estimate of MRCS Plan costs, revenues and gas sales for the subsequent May 1, 1982 to April 30, 1985 period. After notice and hearing, a new MRCS surcharge will be established based upon information submitted. Adjustments to the surcharge pursuant to reconciliation shall become effective September 1, 1982 and continue, as determined by the Commission.

Consolidated has filed written testimony and exhibits in support of the request to implement the MRCS program and recover costs attributable to the program. Jurisdiction is pursuant to 1909 PA 300, as amended, MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; the Commission's Rules of Practice and Procedure, 1954 Administrative Code, 1968 Annual Supplement, R 460.11 et seq.; and the National Energy Conservation Policy Act, 42 USCA §8211 et seq.

NOTICE IS HEREBY GIVEN that:

A. Public hearings for the purpose of commencing cross-examination of Consolidated's witnesses will begin at 9:30 a.m. on March 16, 1981 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan and will continue thereafter from day to day or on such adjourned dates as the presiding officer may set until the matter has been fully heard. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

Independent Basketball Results

The Grayling House Saints won their fourth in a row by defeating Lewiston Hotel, one of the co-leaders in the Lewiston Independent Basketball League before Grayling knocked them off, 100-92 in action last Sunday.

Grayling, 4-2 in the league for the year, moved into second place tied with Lewiston, Gaylord, and Alpena. Hillman remained in first with a 5-1 record.

The Saints jumped off to an early lead behind the outside shooting of Gerry St. Germain and Jim Tobin.

Grayling had a lead of 13 points midway through the first 20-minute half but then got in foul trouble with their big men. Center Bruce Burkett and forward Mike Kucharek each picked up three fouls and Lewiston came back to cut the half-time Grayling lead to 6 points.

St. Germain exploded offensively in the second half and Butch Hayes made key rebounds and blocked a shot to stretch Grayling's lead back to 11.

Lewiston threatened late in the game but two lay-ups by Burkett during a stall held off their comeback.

St. Germain led all scorers with 30 points and coach Richie Burr credited St. Germain's offensive play as the key to Grayling's win.

Jim Tobin hit for 21 points, Burkett scored 14, and Kucharek had 10. Dale Papendick and Hayes scored 8 apiece, Gary Fox hit for 6, and Jon Thompson added 2.

The Saints play Gaylord next Sunday to begin the second half of league action.

Snow-Igloo

To all of you reading out there, Mrs. Bovee's and Mrs. Fleming's fifth grade classes are making a snow-igloo February 16, 1981, in front of the Grayling Elementary School. They got the idea from science when the Alaskans used to use them for hunting and fishing trips. We thought it would be fun and fundamental to make one. And that's why we're making one. Written by Mark Brookshire.

Grayling Elementary School News

In Mrs. Bovee's fifth grade class we wove a heart-shaped basket out of red and white striped paper. We hung the baskets up in our room on the lights.

Kelly Springer, Heather Watts, Julie Liske, and Debra Clemens made a calendar shaped like a heart. The numbers of each day on the calendar were a heart. The 14th, which is Valentine's Day, had red trimming around it. Below the numbers is the abbreviation of February, Feb. There was red trimming around the whole calendar.

Debbie Barr and Brenda Johnson made an X-hoagies boat. Beside the boat there was a sign saying: America 52, Iran 0.

Angie Larson made a white heart with red trimming. On it, it said, "Be My Valentine."

All of the valentines the students gave Mrs. Bovee were put on her closet door in her room.

In Mrs. Fleming's room, where we have science, each room is having a contest. Each classroom built Noah's Ark. We are going to see which class can put the most animals on it.

Mrs. Bovee's classroom has a new girl who is from Dublin, Ireland. Her name is Gina Dolan. She says she's only going to stay in America for the rest of the year. At the end of the year she's going to go back to Dublin. She came to America, February 7, 1981. She started coming to the Grayling Elementary School on February 13. She's living with her aunt, Carmel Harrington. She likes Ireland better. She went to the Scoil Mhuire Primary School in Ireland. She really wanted to come to America.

Mrs. Bovee's fifth grade and Mrs. Fleming's fifth grade class both had nutritious foods for our Valentine's party, such as crackers and cheese, celery, cauliflower, raw cabbage, peanut butter, dip, carrots, broccoli, and Mrs. Fleming's class had pizza. Mrs. Bovee's class had a treat from Michelle Hatley for her birthday.

In Science class we built an igloo, at least part of it. The snow melted and the igloo fell, so we gave up. Written by Heather Watts & Kelly Springer.

ABWA Meet

The Grayling Chapter of ABWA met at the Chief Shoppengon's Hotel. The meeting was called to order by Norma Naour, president. A delicious meal of Barbecued Ribs, Baked Potato, Salad and Rolls was served.

The vocational speaker was Marty Ingvarsson. She talked about the joy of being back in the field of education after a leave of absence.

Our installation ceremony was held to accept Treva Ward into the Grayling Chapter. Treva has transferred here from Lansing, Mich.

February is Citizenship Month and our guest speaker was Elmer Fenton of the Grayling Historical Society. It was an inspiration for all of us to hear of his deep love and concern for Crawford County. Mr. Fenton has spent his whole life in Education and in continuing to educate us.

The Historical Society is located in what was once a school house in the 1800'. The school house was moved to its present location, which was the site of the old Hanson Saw Mill. If you wish to visit the Historical Society, it is located near the city park and the Crawford County Library.

In 1972 Charlie McNally helped get this wonderful building ready. Mr. Fenton also mentioned the Kiwanis and the Womens Club. He talked of hauling 65 picture frames from Texas because they were so beautiful and such a good deal. He would have liked more, but had to leave room for his wife Margaret.

Mr. Fenton said at one time there were 20 towns with post offices in Crawford County, and in 1918 there were 24 schools. This led him to mention that he went to the present Middle School in 1916. Mr. Fenton ended his talk by reminding us that the Society needs our financial support.

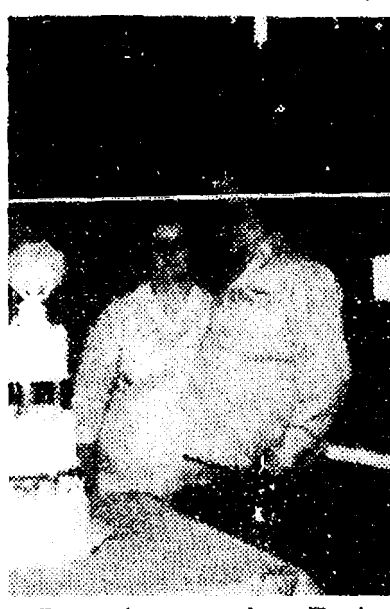

Our next meeting will be on March 17th at AuSagra Acres. This is Membership Month and Carolyn DiPonio is chairperson of the Spring Tea.

"Joni" to be Premiered at The Pines, Houghton Lake

"Joni" A World Wide Pictures Release is being premiered at The Pines Theatre, Houghton Lake, March 12 through 15. Starring Joni Eareckson as herself. Rated G.

"Joni", the true story of a young woman's struggle against quadriplegia and depression, has been made into a major motion picture by World Wide Pictures, the producers of a number of outstanding Christian films. This new film will soon be premiered in our area.

Perhaps you are familiar with Joni Eareckson's story through her two best selling books, *Joni* and *A Step Further*. Millions of readers have been touched by her personal story of an ever growing faith in Jesus Christ. Now millions more will share in her story as it comes to life on the motion picture screen.

What makes this film unique is that Joni plays her own role, in a performance worthy of the most accomplished actress. She adds a dimension of inescapable reality to this story of faith.

"I'd rather be in this chair, knowing Him, than on my feet without Him." It wasn't easy for Joni Eareckson to speak those words. She faced pain, heartache, fear, depression and an overwhelming feeling that she was deserted by God. After all, how could God allow her to suffer a devastating accident, brave death, and lose the use of her arms and legs? How could God seemingly destroy everything that had meant so much in her life? At some point in life nearly everyone asks "Why?"

"Joni" is a motion picture that confronts the tough questions head on. It's a challenge to think...to feel...to be open and honest. And it provides an unmistakable presentation of the triumphant answer.

Showtimes-Thurs. & Sun. 7:30 p.m. (One show per night only.) Fri. & Sat. 7 & 9 p.m. (Two shows per night.) Admission for "Joni" only: Adults \$3.00 (15 years and older) Child \$1.50 (Thru age 14).

World Wide Pictures are of-

fering a special money saving offer on adult tickets to the public in the way of advance discount coupons. You may purchase any number of coupons for \$2.25 ea., for a saving of 75 cents on your regular admission ticket. Just bring coupon when attending "Joni" and it will be exchanged at the theatre box office for a regular ticket. A word about Child admissions. The Pines Theatre Management, for "Joni" only, has combined child and Junior admissions to \$1.50 thru age 14, also a saving of 50 cents per junior ticket.

HOW TO PURCHASE YOUR DISCOUNT COUPONS

Make check payable to "Joni", World Wide Pictures, for the number of adult coupons you wish to purchase at \$2.25. Enclose a self addressed, stamped envelope, and mail to: World Wide Pictures, P.O. Box 774, Houghton Lake, Michigan 48629.

The advance sale coupon offer must end on March 8, 1981, prior to the playing of "Joni" at The Pines Theatre. Any theatre passes, other than "Joni" coupons, will be suspended for this engagement.

May we suggest that you, individually or groups, plan now to attend the showings in our area, and send, or stop by the theatre (evenings when open) to get your advance coupons early. However, you are still invited to see "Joni" at admission prices of \$3.00 and \$1.50 for this engagement when you attend. Arrive on time, for due to the nature of this program, there will be nothing else shown on the screen, except the "Joni" film.

LOOK INTO A MIRROR

Some people claim that they can match husbands and their wives in any large group. It is true that many couples seem to resemble each other the longer they live together.

Children often resemble their parents both in looks and actions. Although many times parents may hesitate to acknowledge it, children's actions, moods, speech and attitudes are often merely reflections of our own. We need not look into a mirror to observe our likeness. Watch the children. They are miniature replicas of us.

Among humans this tendency to imitate may not always be for the good. But the Heavenly Father wants His children to be like Him. He has given us an example to follow. Our lives should reflect the actions, talk and attitudes of Jesus Christ. The more time we spend worshipping Him, the better replicas of Him we become. That is a good reason for worshipping together this week.

Changes in Tax Laws May Affect Taxpayer's Filing

This year taxpayers may find that a few changes in the Federal tax law will affect how they file their Federal tax forms, the Internal Revenue Service said. For most taxpayers, however, the tax forms should offer few surprises from last year.

For taxpayers interested in claiming the residential energy credit, there is an increase in the amount which can be claimed. The energy credit is actually made up of two separate credits. The credit for renewable energy source costs is 40 percent of the first \$10,000 (or a maximum credit of \$4,000) spent on solar, geothermal, or windpower energy equipment. This credit is based on the cost of the items installed after April 19, 1977, and before 1986. Previously, the credit for renewable energy source costs was 30 percent of the first \$2,000 plus 20 percent of the next \$8,000 (or a maximum credit of \$2,000).

The credit for energy conservation costs is 15 percent of the first \$2,000 (or maximum credit of \$300) a taxpayer spends on items to save energy, such as insulation and storm windows. More information concerning the energy credits is available in the free IRS Publication 903,

"Energy Credits for Individuals."

Another important change focuses on the social security tax. The wages subject to the social security tax were increased from \$22,900 to \$25,900 for 1980. The rate of the tax was 6.13 percent. Therefore, for 1980, the maximum social security tax for an individual was \$1,587.67 (\$25,900 x 6.13 percent). Taxpayers should note that the amount of wages subject to social security tax increases again for 1981.

If a taxpayer worked for only one employer in 1980 and more than \$1,587.67 of social security tax was withheld, the taxpayer should ask the employer to refund the excess tax withheld. If a taxpayer worked for two or more employers, and more than \$1,587.67 was withheld, the excess may be claimed as a credit against the income tax owed on Form 1040 or Form 1041A.

The standard mileage rate for business use of a car has increased from 18½ to 20 cents for the first 15,000 miles and from 10 cents to 11 cents for each additional mile. The rate for medical, moving expense, and charitable uses has increased from eight to nine cents a mile.

More information about changes in the tax law can be found in the free IRS Publication 553, "Highlights of 1980 Tax Changes," available by using the order form in the tax package or by calling the IRS Forms/Tax Information number listed in the telephone directory.

WHEREAS, it is hereby determined that it is necessary that the County of Crawford (hereinafter sometimes referred to as the "County") borrow a sum not to exceed (a) the amount of the 1980 delinquent real property taxes (hereinafter sometimes referred to as the "delinquent taxes") which become delinquent on or before March 1, 1981, and which are still unpaid on March 1, 1981, and (b) a reserve to assure prompt payment of the notes, and deposit the proceeds thereof in the Fund (as defined hereinafter) and the 1981 Note Reserve Fund (established hereinafter) respectively; and

WHEREAS, such borrowing is authorized by Sections 87c and 87d of Act No. 206 of the Public Acts of 1893, as amended, (hereinafter referred to as "Act 206"); and

WHEREAS, the total amount of unpaid delinquent taxes which will be outstanding on March 1, 1981 is estimated to be in excess of \$1,225,000.00, exclusive of interest, fees and penalties.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE COUNTY OF CRAWFORD AS FOLLOWS:

1. The County shall borrow One million four hundred thousand Dollars (\$1,400,000.00) or such part thereof as will represent an amount not to exceed (a) the exact amount of the delinquent taxes outstanding on March 1, 1981, exclusive of interest, fees and penalties, and (b) an amount not to exceed fifteen percent (15%) of the amount of the delinquent taxes, in order to constitute a reserve (hereinafter referred to as the "1981 Note Reserve Fund"), and as the Municipal Finance Commission may authorize, issue its "General Obligation Limited Tax Notes, Series 1981", payable from the delinquent taxes outstanding on March 1, 1981 and the other sources specified below, the proceeds of which notes shall be placed in and used as the whole or part of the Fund Account No. 8 of the County (the "1981 Account") and the 1981 Note Reserve Fund, to be used as provided in Act 206. The exact borrowing amount will be designated by the County Treasurer after the amount of the 1980 delinquent taxes are determined, which designation will specify the amount to be allocated to the 1981 Note Reserve Fund.

2. The said notes shall bear interest payable November 1, 1981, May 1, 1982, and each November 1 and May 1 thereafter, until maturity, which interest is not to exceed the maximum rate of interest as may be permitted by law on the date the notes are offered for sale. Said notes shall be coupon notes issued in denominations of \$5,000, each, or such other denominations as the Treasurer shall authorize, and shall be numbered from 1 upwards, beginning with their earliest maturities in the direct order of their maturities. The notes shall be dated March 1, 1981 and shall be due and payable as follows: \$550,000.00 on May 1, 1982; \$250,000.00 on May 1, 1983; \$75,000.00 on May 1, 1984, and not to exceed \$525,000.00 on May 1, 1985.

3. There is hereby established the 1981 100% Tax Payment Fund (hereinafter referred to as the "Fund") and the Fund Collection Account No. 6 of the County (hereinafter referred to as the "Collection Account"), effective as of March 1, 1981, into which account the County Treasurer is hereby directed to place on the books and records all of the following payments received on account of the delinquent taxes:

a. All of the delinquent taxes collected on and after March 1,

1981 and all interest thereon;

b. All of the collection fees on the delinquent taxes once the expenses of this borrowing have been paid, and

c. Any amounts which are received by the Treasurer from the taxing units within the County because of the uncollectability of the delinquent taxes.

The amounts specified in this paragraph are hereby designated as the "Funds Pledged to Note Repayment."

4. There is hereby established the "1981 Note Reserve Fund", into which fund the Treasurer shall deposit all of the proceeds of the sale which are borrowed for the purpose of establishing the 1981 Note Reserve Fund.

5. All money in the 1981 Note Reserve Fund, except as hereinafter provided, shall be added to the Funds Pledged to Note Repayment and shall be used solely for payment of principal and interest on the notes for which the Fund was established. Money in the 1981 Note Reserve Fund shall be withdrawn first for payment of principal and interest on notes before other County general funds are used to make the payments. All income or interest earned by, or increment to, the 1981 Note Reserve Fund, due to its investment or reinvestment, shall be deposited in such fund, when the notes for which such fund was established are retired. When the 1981 Note Reserve Fund is sufficient to retire the notes and accrued interest thereon, it may be used to purchase the notes on the market, or, if notes are not available, to retire the notes when due.

6. The following are hereby pledged to the repayment of the notes and shall be used solely for repayment of the notes until the notes and all interest thereon are paid in full:

a. All of the Funds Pledged to Note Repayment;

b. All of the 1981 Note Reserve Fund, and

c. Any interest earned on any money from either the Funds Pledged to Note Repayment or the 1981 Note Reserve Fund.

7. In addition, this note issue shall be a general obligation of the County of Crawford, secured by its full faith and credit, which shall include the limited tax obligation of the County within applicable constitutional and statutory limits, and its general funds. The County budget shall provide that if the pledged delinquent taxes and any other pledged amounts are not collected in sufficient amounts to meet the payments of the principal and interest due on these notes, the County, before paying any other budgeted amounts, will promptly advance from its general funds sufficient money to pay that principal and interest.

If the proceeds of the delinquent taxes, pledged interest and collection fees or the 1981 Note Reserve Fund are not sufficient to pay the principal and interest when due, the County shall pay the same, as provided in this paragraph, and may thereafter reimburse itself from the delinquent taxes collected.

8. The County shall not have the power to levy any tax for the payment of the notes in excess of its constitutional or statutory limits.

9. The County Treasurer, pursuant to Section 87c, Subsection 3, of Act 206, is hereby designated as Agent for the County, and the County Treasurer and the Treasurer's office shall receive such sums as are therein provided for the services as Agent for the County and to cover administrative expenses.

10. The County Treasurer shall use the proceeds of the borrowing (except that part to be used for the 1981 Note Reserve Fund) to establish the Fund of the County and shall pay therefrom the full amount of the delinquent taxes on the roll delivered as uncollected by any tax collector in the County which is outstanding and unpaid on or after March 1, 1981, as required by Act 206.

11. The expenses of borrowing in connection with this issuance of notes shall be paid from the collection fees collected on the 1980 delinquent taxes, from any funds in the Fund not pledged to the repayment of these notes or from any funds in the 100% Tax Payment Fund not pledged to the repayment of any other notes.

12. After a sufficient sum has been set aside for the purposes set forth above, including the repayment of the aforesaid notes and the interest thereon: (a) any further collection of the aforesaid delinquent taxes may be used to pay any or all delinquent taxes which are due and payable to the County; any school district; intermediate school district; community college district; city, township, special assessment or drainage district; or any other political unit for which delinquent tax payments are due other than for the year 1980 on settlement day with the County, City or Township Treasurers, and (b) all income or interest earned by, or increment to, the 1981 Note Reserve Fund due to its investment or reinvestment shall be deposited in the Fund.

13. The notes of each maturity shall be payable to the bearer in lawful money of the United States of America at such bank or trust company in the State of Michigan as shall be designated either prior to sale by the Treasurer (or, if the Treasurer so permits, by the original purchaser or purchasers), and the notes and coupons shall be substantially in the form attached hereto and hereby approved and adopted. Co-paying agents located either in Michigan or elsewhere in the United States of America may also be designated. The Treasurer shall have the right to approve or name such paying agent or agents.

14. Notes maturing in the years 1982 through 1984, inclusive, shall not be subject to redemption. The notes maturing on May 1, 1985 shall be subject to redemption at any time on or after May 1, 1984, in any order at the option of the County Treasurer and must be redeemed on any interest payment date or any other date on and after May 1, 1984, as follows:

a. To the extent that there are sufficient moneys on hand from any of the sources specified in paragraph 6 above, after payment of the notes maturing on or before May 1, 1984, all notes maturing May 1, 1985 must be called for payment on May 1, 1984, or at any time thereafter at such time as there are sufficient funds available to redeem notes in a minimum amount of \$50,000 or such other minimum as shall be established in the Notice of Sale by the Treasurer, and

b. Notice of Redemption shall be given as provided in the Official Notice of Sale attached hereto.

15. The County Treasurer is hereby authorized and directed to execute the notes for the County. The Treasurer is thereafter authorized and directed to deliver the notes to the purchaser upon receipt of the purchase price, which delivery may be made in the discretion of the Treasurer at one time or in parts at various times, provided that all of the notes with the earliest maturities shall be delivered prior to any notes with later maturities, and provided further that all deliveries shall be completed by October 15, 1981. The coupons affixed to the notes shall be executed with the facsimile signature of the County Treasurer; the notes shall be sealed with the County seal, and the coupons shall contain the following notation: "This coupon is payable only from the following sources: certain delinquent real property taxes, the interest thereon, a part of the collection fees thereon, moneys on deposit in a certain 1981 Note Reserve Fund and other amounts, all as described in the note to which this coupon pertains."

16. The County Treasurer is hereby authorized to make application to the Municipal Finance Commission on behalf of the County for an Order permitting this County to make this borrowing and issue its General Obligation Limited Tax Notes, Series 1981. The Notice of Sale shall not be approved by the Municipal Finance Commission unless the Treasurer so requests in the application.

17. The County Treasurer shall conduct a public sale of the notes (after insertion of Notice of Sale attached to this resolution and as provided in paragraph 18 hereof), provided such notes shall not be sold at a discount, after which sale the Treasurer shall award the notes to the lowest bidder. The conditions of sale shall be as specified in the Notice of Sale and the Treasurer shall be empowered to make any change in such Notice of Sale as may in the Treasurer's discretion be necessary.

18. Sealed proposals for the purchase of the notes shall be received up to such time as shall later be determined by the Treasurer and notice thereof shall be published in accordance with law, once in at least one of the Bond Buyer, Michigan Investor, or Detroit Legal News, each of which are hereby designated as being publications printed in the English language and circulated in this State, which carries as a part of its regular service, notices of sale of municipal bonds. The notice (sometimes referred to in this resolution as the "Notice of Sale") shall be in substantially the form in the attachment to this resolution with such changes as are approved by the Treasurer.

19. The notes shall be delivered with the unqualified opinion of bond counsel chosen by the Treasurer, approving the legality of the notes, which selection may, at the option of the Treasurer, be for one or more years and the cost of said legal opinion and the printing of the notes will be at the expense of the County, but the expenses will be paid, as provided in this resolution, from the County's 100% Tax Payment Fund. The notes will be delivered at the expense of the County in such city or cities designated by the Treasurer in the Notice of Sale.

20. Notwithstanding any other provision of this resolution or other resolutions adopted heretofore, the County hereby covenants with the purchaser (within the meaning of Sections 1.103-13, 1.103-14 and 1.103-15 of the Income Tax Regulations prescribed by the Commissioner of Internal Revenue) of the General Obligation Limited Tax Notes, Series 1981, that the County will make no use of the proceeds of the notes, which if such use had been reasonably expected on the date of issuance of the notes, would have caused the notes to be "arbitrage bonds," as defined in Section 103(c) of the Internal Revenue Code of 1954, as amended, and all rules and regulations relating thereto.

21. The County further covenants that it will not permit at any time any of the proceeds of the General Obligation Limited Tax Notes, Series 1981, or any other funds of the County to be used directly or indirectly in a manner which would result in the exclusion of any of said notes from the treatment afforded by Section 103(a) of the Internal Revenue Code of 1954, as amended, by reason of the classification of the notes as "Industrial Development Bonds" within the meaning of Section 103(b) of the Internal Revenue Code of 1954, as amended, and

all rules and regulations relating thereto.

22. The County shall keep full and complete records of all deposits to and withdrawals from each of the following funds and accounts: (a) all of the accounts into which are deposited any Funds Pledged to Note Repayment; (b) the 1981 Note Reserve Fund, and (c) the Fund, and of all other transactions relating to such funds and of all investments of moneys in such accounts and the interest and gain derived therefrom.

Thereafter it was moved by Miller and seconded by Harland that the attached resolution be adopted.

Discussion followed: Ayes: 7, Nays: 0, Absent: 0.

A sufficient majority having voted therefor, the 1981 Borrowing Resolution (1980 Delinquent Taxes) was adopted.
